

Thank you, Bancroft Community Transit

To the Editor,

My husband and I want to thank all the office staff and drivers at Bancroft Community Transit. Without this great service, a lot of people would suffer.

Recently my husband had a medical emergency. During this critical time, the BCT driver waited for Dennis and myself for over nine hours, when there were complications to my husband's surgery.

I wish to thank Wally and his wife Shirley for being there for us; it was a long day. And Selena ? thank you for all the help.

This service fills a need for people in the community. Excellent service!

Anne Stubbings and Dennis Rice
